"Ready to Protect,
Proud to Serve"

August 2006

Dear Mark-N-Gard,

During the summer of 2005, I was notified by the Tucson Police Department Air Unit of a suspicious vehicle apparently abandoned in a desert area south of Tucson. The vehicle was burnt and abandoned. The vehicle was now sitting in a cattle pond full of water.

I responded to inspect the vehicle in an attempt to identify the vehicle and discern if it was stolen. **I was unable to locate the VIN and did not have the resources to remove the vehicle at this time...**

...Here is the glass fragment I found with the number etched into it.

I hope it helps you out and if you need anything please give me a call.

Thanks,

DETECTIVE WILLIAM AMBROSE #8345
